Important Announcement from Shaltz Automation Inc.
Now an Exclusive Distributor of Mitsubishi Electric Products

Shaltz Automation Inc. is proud to announce that we have been selected by Mitsubishi Electric to be their Exclusive Distributor for the Michigan territory. Our expertise in automation technology has been demonstrated for over 40 years and is carried on by our experienced team of 30 sales engineers, applications engineers, and technical support personnel. Mitsubishi Electric has been one of our foremost lines for many years, and we are thrilled to announce this new exclusive arrangement that will allow us to better solve all your automation needs.

Shaltz prides itself on providing the highest quality service by closely collaborating with a limited number of product lines. In addition to Mitsubishi Electric, our other primary partners are: Festo, Turck, Rethink Robotics, and Phoenix Contact. These companies have extensive offerings in automation technology which better allows us to handle all your automation requirements.

We appreciate the confidence Mitsubishi Electric has placed in Shaltz Automation Inc. to be their Exclusive Distributor to the Michigan market; we look forward to showing our customers some of the latest technologies that Mitsubishi Electric has to offer.
