**MILESTONES**

- **1975** Shaltz Fluid Power Started by Fred and Phil Shaltz
  - Started as an air and hydraulic component supply company by our founders.
- **2006** Shaltz Fluid Power becomes Shaltz Automation
  - With the evolution of Industry moving further away from traditional manufacturing standards and closer to a world of automation and robotics Shaltz Fluid Power has evolved with it, now being known as Shaltz Automation.
- **2016** Shaltz adds Value Add Center (VAC)
  - Our goal is to “make it easy” for our customers to implement our products and solutions to their applications. Our value add center provides assembly of our products to our customers for more straightforward implementation on their equipment. Our VAC also provides proof of concept for robot and cobot applications, which assures our customers that our products will perform as intended for the application.
- **2016** Shaltz adds northern Ohio Sales Territory
  - In an effort to expand and support the underserved Northern Ohio market, Shaltz has added a team of sales professionals and applications engineers to meet our growing customer demands.
