

Automation

FESTO

Pneumatic valves, air filtration, cylinders, electromechanical actuators, motors, drives & controllers

PHOENIX CONTACT

Power supplies, ethernet switches, terminal blocks, PLC, HMI's, remote connectivity & safety
-Michigan only-

MITSUBISHI ELECTRIC

PLC, HMI, servo control systems, VFD's, motion controllers, SCADA, robots

TURCK

Sensors, connectors, custom cables, cordsets, RFID, network I/O, flow and pressure sensors

UNIVERSAL ROBOTS

Collaborative cage free industrial robots with payloads of 3kg, 5kg, 12kg, 16kg & 20kg

EUCHNER

Safety devices; transponder & magnetically coded gate switches, multi-functional gate entry boxes, electromechanical safety switches.

Leuze electronic

Photoelectric sensors, safety switches, laser area scanners, light curtains, barcode readers, optical distance sensors

DORNER

Industrial, packaging, and sanitary conveyor needs, belt and pallet style conveyors

piab

Vacuum cups & generators, gripping systems, handling systems, complete end effector solutions, Joulin and Kenos foam grippers, Tawi ergonomic vacuum systems
-Southeast MI only-

FABCO-AIR
A member of Festo Group

Cylinders: NFPA, disposable, pancake, multi-power, custom cylinders

ENCODER PRODUCTS COMPANY

Encoders; absolute, incremental, linear, programmable, stainless steel

icotek®

Cable entry systems, cable glands, strain relief, conduit systems

APERA

4D vision for robotic automation, robotic bin picking

PATLITE®

Signaling devices; LED stack lights, LED panel lights, audible signal towers

GRACE ENGINEERED PRODUCTS, INC

Through door convenience ports with ethernet ports, GFCI outlets, voltage indicators

ADVANTECH

Industrial computers, panel PC's, HMI and industrial displays, serial converters and embedded PC's

HORNER AUTOMATION GROUP

HMI's; all in one PLC/HMI, remote I/O, software

Maple Systems INC.

HMI touch screens, displays, panel PC's, industrial computers

ICONICS

The world's most advanced HMI/SCADA solutions: SCADA, RT visualization, edge to cloud solutions, data analytics-SPC, OEE and AI

Telit

Smart factory and industry 4.0/IIoT solutions

Novanta

Motors with integrated drives and controllers, linear actuators

APEX DYNAMICS

High precision planetary gearboxes, spiral bevel gear boxes, servo applications

nexen™

Rail brakes, rod locks, brakes, clutches, gearboxes, rotaries

R+W
A POPPE + POTTHOFF COMPANY

Shaft couplers, torque limiters, line shafts, bellows couplings, miniature couplings

ZAYTRAN AUTOMATION

Gripping & locating; large industrial grippers, locating pins, clamping pins

CARLO GAVAZZI

Relays, power supplies, switches, panel meters, pushbuttons indicators

ABB

Safety controllers, relays, E-stop, sensors, contact strips & locks

CREVIS

Modular remote I/O terminals, vision systems

CAMOZZI

Push-in metal fittings, DOT fittings, valves, cylinders, FRL's

GAM

Robotic and servo gear reducers, rack & pinion systems, servo couplings, linear mounting kits

ROBOTIQ

Gripping & EOAT devices for collaborative robots; vacuum, finger, magnetic, sensing, vision, sanding, palletizing

EasyRobotics®
- we move your parts -

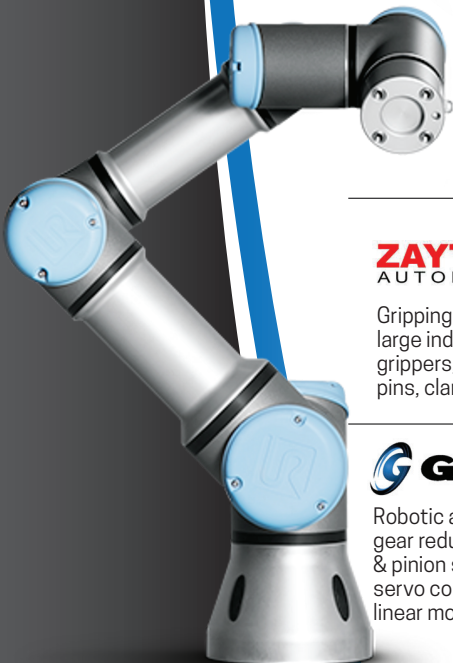

Palletizers, pro-feeder robot cells, part feeding carts

Flexxbotics

Intuitive software and hardware, robot productivity tools

Chrobot

Gripping and EOAT devices for collaborative robots; finger, vacuum, magnetic, sanding, screw-driving

Supporting Michigan and Northern Ohio

ONLINE STORE

Hydraulic & Lubrication

Leak & pressure sensing connectors, quick test connectors & valves

Hydraulic cylinders, lifting products, pumps & power units

Hydraulic power units, pumps, and valves

Hydraulic ball valves, check valves, flow controls, and power units

Hydraulic & pneumatic NFPA cylinders, manipulators, power units, boosters & accumulators

Fixed and variable displacement pumps, high pressure valves

Hydraulic, valve manifold products

Michigan and Northern Ohio's Premier Automation and Fluid Power Source

It is our goal to be an expert in everything that we sell so that we can be a better asset to our customers. We offer products that work well together to provide our customers with total solutions. We value our knowledge and expertise as one of our keys to success in helping customers achieve their objectives.

We Offer:

- High level technical and application support
- Engineering, sizing, print review and value add solutions
- Vendor managed inventory
- Training and educational seminars
- Value add center-value add solutions, POC, kitting
- Quick-ship programs
- 24 hour customer support!
